## The Pilkington Family Trust

The Trust Fund aims to offer support to our beneficiaries when it is needed. This support comes in many different forms – home visiting, offering guidance and advice, liaising with other appropriate organisations and possibly the provision of care services.

To direct our charitable resources to those people who need it most, we will discuss your circumstances confidentially with you and assess how your needs are best met and by whom as there is a qualifying criteria. For more information ring 01744 742516.

### Visiting & Contact

Welfare Officers offer a regular home visiting service to check on well-being and offer support, advice and information as needed. Some beneficiaries may prefer to be contacted by letter via our Connections Scheme or by phone.
